Information for Lateral Entry to 2nd Year MCA Program for Academic Year 2017 - 2018

Objective of Lateral Entry MCA Program:
The objective of the course is to catch the young talents after the graduation level in computer science and nurture them with a balanced mixture of Gandhian thoughts and philosophy as well as technical skills in Computer Science and Applications. The course will give education to students with commitment to core Gandhian Values like truth, non-violence, propagation of khadi and village. The values and way of thinking developed during the academic life of students will give the solution to current society for non-violent and sustainable development. After successful completion of the course, the students may take up either a career in the societal development or may pursue an academic career for further study and research in the field of Computer Science and Applications.

Eligibility Criteria for Admission:
Bachelor's Degree of recognized University with minimum 3 Years duration in BCA, B.Sc. (IT/Computer Science) or BE(Computer/IT) with at least 50% of Total CGPA scale (45% in case of candidate belonging to reserved category) at the final year examination.

Selection Procedure:
Top short listed candidates based on their graduation performance will be called for entrance test to be conducted by Gujarat Vidyapith.

The entrance test for short listed candidates will be based on the following topics:

Section I	(1) Objective type questions based on following topics	**50 Marks**
