

## **Buniyadi Adhyapanmandir**

### **Preface**

The main objective of Vallabh Vidyalaya has been village service and all-round development of backward class students. Primary school teachers are always considered village servants. And for the purpose of imparting proper training to them, a teaching center was started in the institute.

After the independence of India, there was a radical change in education. Efforts were made to introduce the basic education suggested by honorable Gandhiji in education. For that, the primary school syllabus was changed. With the entry into the primary education industry, there was a need for industry training for teachers and education inspectors. Vallabh Vidyalaya was chosen as the venue for industry training in Gujarat.

Classes of teachers and supervisors for spinning industry were started at Vallabh Vidyalaya. A total of 3463 teachers and invigilators were trained for three months in such classes. In 1952, on the occasion of the inauguration of Sardar Vallabhbhai Patel's statue in Vallabh Vidyalaya, the Chancellor of Gujarat Vidyapith, Ahmedabad, Shri Morarjibhai Desai, announced that "Convenience should start an academy for the training of primary teachers at Vallabh Vidyalaya." In support of his idea, the teaching academy was started in Vallabh Vidyalaya from the year 1964. Candidates who have passed 12th standard are admitted to the institute through centralized recruitment. The institute is accredited by NCTE. Provision is made to admit 50 candidates in the first year and 50 in the second year. The hostel facility for students in the institute has been closed by the government. Co-education has been started in the year 2020.
